

## **FOR IMMEDIATE RELEASE**

### **Hammond Power Solutions Expands Technical Solutions Team**

GUELPH, ON (February 17, 2026) -- Hammond Power Solutions (HPS), a leader in dry-type transformers and power quality solutions, announces the addition of Iralynn Rumbaoa and Shayne Welch to its Technical Solutions team. These additions strengthen HPS's ability to provide consultative technical support and innovative solutions to customers across North America.

Rumbaoa joins HPS as Technical Solutions Consultant for the Western United States. She brings more than 16 years of experience in electrical and industrial markets, including roles at Schneider Electric, ABB, and Killark Electric (Hubbell). She will leverage her expertise in industrial, utility, and data center markets to help customers and partners optimize power systems and improve operational efficiency. Her experience in strategic account management, technical presentations, and channel development enables her to deliver effective, solutions-focused guidance.

Welch joins HPS as Technical Solutions Consultant, Canada. With more than 30 years of experience in the electrical industry, including 25 years with HPS, he brings deep knowledge of HPS products and strong customer relationships. He will use his expertise to support Canadian customers and partners in expanding product adoption, guiding specifications, and improving power system performance. His experience in technical leadership and market engagement ensures customers receive consultative guidance tailored to their needs.

"These additions reflect our commitment to expanding Technical Solutions to better serve our customers," said Jeff Somerville, Director, Technical Solutions at HPS. "Iralynn and Shayne bring the expertise and consultative approach needed to help customers navigate today's complex power challenges and maximize the value of HPS solutions."

With a strengthened Technical Solutions team, HPS is well-positioned to provide even stronger support, helping customers navigate complex power challenges and optimize their systems.

#### **ABOUT HAMMOND POWER SOLUTIONS INC.**

Hammond Power Solutions Inc. ("HPS" or the "Company") enables electrification through its broad range of dry-type transformers, power quality products and related magnetics. HPS' standard and custom-designed products are essential and ubiquitous in electrical distribution networks through an extensive range of end-user applications. The Company has manufacturing plants in Canada, the United States (U.S.), Mexico and India and sells its products around the globe. HPS shares are listed on the Toronto Stock Exchange and trade under the symbol HPS.A.
