

## FOR IMMEDIATE RELEASE

# Sumant Vashisht appointed as EFC Vice-Chair of the Dry-Type Transformer Section

**GUELPH, ON** (Feb 20, 2025) -- Hammond Power Solutions (HPS), a leader in dry-type transformers and power quality solutions, is pleased to announce the appointment of Sumant Vashisht as Vice-Chair of the Dry-Type Transformer Section of Electro-Federation Canada (EFC).

This Section represents manufacturers of dry-type transformers that are voltage changing or isolation devices, which are air-cooled rather than liquid cooled.

"I am honoured to take on this new role and look forward to collaborating with EFC and its members to drive advancements in energy efficiency and innovation. By leveraging our collective expertise, we can drive meaningful progress in electrification and sustainability", stated Sumant Vashisht, Manager, Product Solutions.

We congratulate Sumant on his appointment and are confident that his extensive expertise in dry-type transformers and deep industry knowledge will significantly enhance his contributions in this role.

### **ABOUT HAMMOND POWER SOLUTIONS INC.**

Hammond Power Solutions Inc. ("HPS" or the "Company") enables electrification through its broad range of dry-type transformers, power quality products and related magnetics. HPS' standard and custom-designed products are essential and ubiquitous in electrical distribution networks through an extensive range of end-user applications. The Company has manufacturing plants in Canada, the United States (U.S.), Mexico and India and sells its products around the globe. HPS shares are listed on the Toronto Stock Exchange and trade under the symbol HPS.A.
